

GEMME

The **Gemme** project showcases the results of **Serenissima's** stylistic studies of marble in its almost innumerable varieties. **GEMME** is a container of surfaces, inspired by the extraordinary natural material, which unveils the hidden marvels of colour, nuances and veining, always original and surprising, brought to light by the work of man.

The **GEMME** selection features four varieties of different geographical origin and exclusive charm, which offer unlimited options for design in a wide variety of sizes. **GEMME** brings 80x180 and 100x100 cm panels into the Serenissima catalogue for the first time, with their ability to showcase the luminosity of ceramic as never before.

GEMME meets a variety of styles and tastes with its two finishes, natural and lux, which evoke the two souls of the original material. The brilliance of polished surfaces and the delicacy of the natural finish transform the character of a space and set the tone for the most varied furnishing styles.

GEMME installations are rounded out with mosaic decorations, ideal for creating elegant, original inserts and exploiting their varied geometries to exalt the luminosity of Serenissima ceramic.

Technology:

Glazed fine porcelain stoneware

Colours:

Daino | Colorado | Black Mirror | Breccia Sabbia

Sizes:

Thickness 8.5: 80x180 | 100x100 | 50x100 | 180x20 | 80x20
