

**TRAVERTINI DUE**

Classic and elegant, yet also versatile and contemporary, travertine marble points to a new stylistic trend through the TRAVERTINI DUE surfaces designed by Serenissima. The skilled Gruppo Romani brand has chosen to use porcelain stoneware to reinterpret a material rich in history and singular beauty, virtually a symbol of classic architecture and intimately connected to the Mediterranean lifestyle.

The delicate and sinuous veins of the limestone highlight the Beige, Bianco and Greige colours of TRAVERTINI DUE, renderings of the natural shades of the material of inspiration articulated in a trendy palette for today's interior design, perfectly suited to creating warm and welcoming environments.

The rich texture contributes to the expressiveness of the two finishes in the range, Naturale and Lux, which offer different tactile sensations to meet the needs both of environments with a more rustic flavour as well as modern ambiances with a hint of sober luxury. The decorative and aesthetic value of the TRAVERTINI DUE surfaces by Serenissima makes them suitable for use on both walls and on floors through an analysis of exquisite modular and multiple-size installation layouts.
